```
Smashmouth football.py
22 player2 = Player( playerName: "Barry Sanders", playerPosition: "RB" )
23 player3 = Player( playerName: "Jerry Rice", playerPosition: "WR" )
24 player4 = Player( playerName: "Graham Gano", playerPosition: "K" )
25
26 # Add players to a list
27 playerList = [player1, player2, player3, player4]
28
29 # Create NFLTeam object
30 team = NFLTeam( teamName: "Smashmouth Football", playerList )
31
32 # Display the team and its players
33 team.displayTeam()
```

Run Smashmouth football

Run console output:

```
/usr/local/bin/python3.13 /Users/aashkapatel/PycharmProjects/Hello-World/Smashmouth football.py
Team: Smashmouth Football
Players:
Joe Montana - QB
Barry Sanders - RB
Jerry Rice - WR
Graham Gano - K

Process finished with exit code 0
```
